Winter Camp 2021

Vol XXXVI Dec. 26, 2021

Dining Announcements

Before every meal meet at the parade ground and line-up with your troop. For meal time A, you will meet at the parade ground before and will be released into the serving lines. For meal time B, you will stay on the parade ground after flags are released into the serving lines. We have four serving lines along with the special diets line, please utilize all four lines. It is very important that all units clean their table and throw away all of their trash after eating. Some units have gone above and beyond in this and I thank you.

Camp Safety

Remember that Camp Strake is a WALKING camp. Once you park your car at the campsite, we ask that you keep your car there unless you are leaving camp for some reason. ABSOLUTELY no non-camp vehicles are allowed on the service road between the dining hall and the camp office. If there is some reason that you need to drive around camp you must have permission from the Health Lodge and Camp Administration.

NO EXCEPTIONS

Buddy System

All Scouts should have a buddy from their unit that they travel with around camp at all times. Camp is a new place to most and it is easy to get lost especially at night.

Gag me with a Spoon...

They say an 80s D&D TV show couldn't work on a modern internet streaming platform.

Punchline: But Stranger Things has happened.

How come the members of U2 still haven't found what they're looking for?

Punchline: Because the streets have no names.
